

Interactive Communities

Imagine a representative group of engaged customers continually providing you with **deep insight** into their needs, behaviours and opinions. Welcome to **Harris Interactive Communities**: bringing the **customer voice** into the heart of your business to help you make **impactful decisions**, faster.

How can Harris help you?

Harris Interactive Communities are built around three core elements that **combine and adapt** to meet your needs with **full flexibility**:

Innovative technology

Purpose-built, future looking technology that enables deeper engagement and seamless real-time feedback.

Expert management and engagement

Proven management and engagement approaches to deliver a richer understanding of your members for optimized R.O.I.

Actionable insight specialists

Award winning researchers advising on best-practice and delivering clearer insight and recommendations.
